

Annotated Bibliography

Deliverable 301
VCAT-Gr

This document compiles references to the literature that has informed the VCAT-Gr project, and with which the project's original research is in dialog. Each reference is accompanied by a link to the notes that outline the content of the texts, and their relevance to the study of the history of Greece's tobacco sector in the postwar period. The document is intended as a resource for members of the scholarly community that might be interested in conducting further research in the field. The content of the notes reflects the interpretation that members of the VCAT-Gr research team have made of the referenced texts. Therefore, any errors that might exist in such interpretation is by no means the responsibility of the authors of the original texts.

The VCAT-Gr project has been funded by the Hellenic Foundation for Research and Innovation (H.F.R.I.) under the "2nd Call for H.F.R.I. Research Projects to support Post-Doctoral Researchers" (Project Number 00051).
